SUMMER CAMP AND THE BEAR

By Ray Sims

The advance group who set up the 1949 Obsidian Summer Camp, known as "Camp Keasling", on the beautiful shores of Spirit Lake, arrived by motor boat, at Donnybrook on Friday August 5th.

As they sat down to breakfast the next morning, very early, who should be sitting down at another table not far away, but Mr. Black Bear, ready to order hot-cakes. Of course he was frightened away as the committee began to erect one of the most handy camps set up in the 21 years of Obsidian Summer camps. By night-fall the last committee car arrived, only to be aroused in the middle of the night by Mr. Bear again.

Most of the first weekers were in camp by Sunday evening and tales of the bear did not scare anyone from setting their tents where they desired. David, Catherine and Donald Faville as did Ned and Emily Graves, arrived on Monday from their California homes.

The first trip by trail past Jack Nelson's and on to an old mine at the North end of the lake on Monday, was taken by nearly everyone, and that evening the "gang" really appreciated Edna's fine cooking.

On Tuesday a scouting party led by Ray Sims, including Ernie Keasling, Mike Stahl, Don Temple, Jerry Honey, climbed to the summit of St. Helens by way of Forsyth Glacier. Leaving in the early morning hours by motorboat and driving to timberline, the party was back in mid-afternoon.

Swimming, boating, canoeing and trail trips, with visits to Jack Nelson's and Harry Truman's and an occasional dodging of raindrops were the pastimes for a day

MEMBERSHIP LIST

This list has been compiled by Membership Chairman Adeline Adams, and Secretary Judy Egge. It is difficult to publish a complete and accurate list, as names and addresses are continually changing. Therefore, the Membership Chairman always appreciates being notified of changes, as does the Secretary.

The total membership as represented here is 324. Four new members approved at last Board meeting are: Assoc-Donald A. Kohler, 730 D. St., Springfield; Junior-John E. King, Oakridge; Actives-Dale and Harry Carlson, Leaburg. The name of Juanita Austill Allen, 259 E. 13th, was unintentionally omitted. With the passing of Cy Fulton and Vern Granger - the total now stands at 327.

We Obsidians mourn the passing of Cy Fulton and Vern Granger. They were men whose particular personalities and accomplishments were greatly appreciated by all who knew them. We extend our sympathy to Florence Fulton and Peggy Granger. And to Florence Sims, whose sister passed away recently, we send out our thoughts.

Camp Keasling, 1949

(Tune: Martins And The Coys)

1

There's a gang of folks staked out in old Camp Keasling
At a place called Donnybrook - no packs to tote
When they start to do their hiking, if it isn't to their liking
They call Glen, or telephone for Nelson's boat

CHORUS

Oh our camp at Donnybrook where we have a super cook
And our lives are free from care and very gay
When we go back to the city we will sing this little ditty
And we'll rate the camp committee TRIPLE A

2

There's a bear that comes to see us every evening
He loves huckleberries, ants, and other fare
He likes honey we're supposing, but before this verse we're closing
The big question is does Honey like the bear?

3

Now we have an Aunt in camp who seems quite fickle
She's Aunt Tilly and she's not at all discreet
She prefers a hell to heaven - she likes three but not eleven
Likes her bottom but she doesn't like her seat.

4

We have in camp a temporary cripple
** It's our Mary but she doesn't seem to care
She indulges in night crawling and some other forms of hauling
In the evening she spits spirals in the air

5

Oh the Plains of Abraham we sought to conquer
We were looking for the Canyon of the Apes
But we didn't know the danger 'till we heard it from the Ranger
That to pick a flow-er was forbidden grapes

6

When one day we started out to climb Mt. Margaret
We began by boat and ended up the same
We saw scenery and flow-ers through ten swift and happy hours
But our naps at noon made Custer's stand look tame

7

Oh we have a very fine and noble leader
For our hikes; His name is Mike(Firecracker)Stahl
Up the Dogshead or the Lizard - He's a leader that's a wizard
And he keeps the gang in motion one and all

8

Now our Clarence has the agency for Buick
It's the best buy in the country so they say
It's the Fireball of the Nation, just the car for a vacation
Yet he shows up in a Chevrolet coupe

9

Now our Neddie Graves, he takes the finest pictures
Of the mountains and the flowers and streams and all
But his campfire game's a sticker - he's a scissors-crossing slicker
And you ought to see that guy's Obsidian crawl

10

Though they say that we are heathen outdoor brethren
We have sermons by our Reverend Rastus Snow
He makes the most of Mother Hubbard, her poor dog, the bone, and cupboard
Yes, our Louis is a wise old so-and-so.

When the clouds began to thicken the last evening
 When the tents were packed away all safe from rats
 ** Vena slept beneath the table, Mary followed, she was able
 When our Bailey kindly took away the slats

By David E. Faville

P.S. The following verse was written by Mary Donaldson in
 collaboration with other campfire satellites:

Now among our group there is a Camp Composer
 Dave entertains us with his songs and gives his all
 He gets up so near asleep, dishes up his mush to eat
 Then he finds that it is only the first call.

or two. But rain or shine when Thursday came along, a trip to the "Plains of Abraham" was just nipped short by too many raindrops.

Ernie and Arlene were hosts for the traditional "President's Tea" Friday. They arrived by rowboat piloted by sailor-boy "Blue Waters" in a setting which blended with the campsite on the lake shore.

The Weekenders arriving on Friday were Horace, Dorr, Margaret, Winnifred, and Gilbert from Eugene and Virgil and June Hicks from Seattle. Hugh and Mabel Currin also came in. "Iron" Mike Stahl led a party of ten up Mt. St. Helens on Saturday by way of the Dogshead; in the party were Margaret Walker, Margaret Markley, Wayne Bailey, Gilbert Sprague, Catherine Dunlop, Bob Lockhart, Lee, Ray & Chuck Lauderdale and Johnny King.

With the dozen or more who came in for the second week, and a few who returned home at the end of the first week, the long table still seated forty-one.

Mt. Margaret was the "Boat" trip for Monday, at least we started the 5 mile hike by boat to Harry's and then with Mike again as leader, we went by St. Helens Lake, on the way up to the summit of Margaret. Many more lakes were seen and the flowers were at their best. A pretty tired party came down thru Bear Pass and by the time the tailenders reached Nelson's another boat was ordered.

The evening campfires just bubbled over with talent, with Louis's "Rastus Snow" to Ned's Scissors game that Aunt Tilly Liked, everyone participated and enjoyed them greatly. Dave's new song of Camp Keasling also hit a new high.

And Mary Donaldson's Spitting episode had to be repeated time and again to the delight of all.

Bob Lyon, Jim Hosmer and Doris Sims

arrived in camp on Monday, after their successful climb of Rainier with the Mazamas, but with the report of the climb around campfire, they were gone next morning, for a climb of St. Helens.

Wednesday saw another trip to the Plains of Abraham, where the flowers were again out for the color photographers and most of the party continued on to scenic "Canyon of The Apes"

Thursday was another scheduled climb of Mt. St. Helens' icy dome, and again Mike started out early in the morning, with Don Faville, Jim Stewart, Edna Temple, Anna Pechanec, Gladeus Pupke, Ron Pupke, and Dale Carlson, who all made the summit.

Friday and Saturday were days spent in Camp and on the nearby trails.

This story would not be complete without the mention of Don and Dave Favilles' sick spells, and the Graves' moving down to a cabin at Nelson's but the nice part of both events was they both "came back!"

Bob and Charlotte and Margaret and Robert, Jr., were visitors from their cabin at Harry Truman's, and a visit was made by Melvin Becker and 2 Chemeketans.

The camp was taken down in record time on the last Sunday and Jack's boat was loaded and steamed away at 9:30 -- homeward bound. Louis Waldorf had headed another fine camp.

What happened to the Bear? Well, you know we were all around that big warm campfire on the last night, talking about where we might go next year and listening to Dave's new song, when Dale Carlson said "there's the bear", but as we all scampered to see him on his last call, he hiked up to the second trail. But Adeline, Ray C. and Clarence and Dale and others, watched him for quite awhile.

The End.
