

# SPRINGTIME IN THE COUNTRY

**Obsidians Bus Trip: Thurs, May 18, 2017**  
**Leaders: Sharon Cutsforth, Mary Ellen West**

**Historic Children's Farm Home**

**Moyer House at Brownsville**

Scenic landscapes; animals, birds and flowers; whimsical garden art; beautiful architecture and historical objects are all things we will view on this casual spring day in the country.

Come on along as we travel backroads to Avery Park in Corvallis for our coffee break. We will use the ninety-three foot long picnic table in the Lions Shelter. Allowing time to explore a little we may find rhodies in bloom, the resident locomotive or perhaps even the dinosaur bones.

We will travel on up the road a bit to Garland's Nursery which is a delight any time of the year. It is only a short distance then to The Children's Farm Home where we will learn about the building's history, the current programs offered for troubled youth and have lunch (cost included) in their lovely dining room.

Off again on backroads, we travel to Brownsville to visit the Linn County Museum where opportunities abound to learn about local history and to view a short movie in the Boxcar Theater. The museum building itself is an interesting structure. A short walk across the street will take us to the Moyer House for a tour of this beautiful building.
