

Travels Through the Countryside of Russia

**September 29, 2017
7 pm
at the Obsidian
Lodge**

**with
Dr. Nadja Nikolaeva**

For directions to the
Obsidian Lodge, go to:

www.obsidians.org/lodgemap.htm

This may be the first time we will have a visitor from Russia present a program to us. Dr. Nadja Nikolaeva, a researcher at the Forest Research Institute of the Karelian Center of the Russian Academy of Sciences, specializes in the study of birch trees.

She will give an illustrated talk, *Travels Through the Countryside Of Russia*. She says, "I like to talk with different people and exchange experiences." She will be spending her vacation in Oregon and plans to travel from Mt. Hood to the Redwoods.

**Co-sponsors: The Obsidians and
The Native Plant Society of Oregon**
