

Obsidians Summer Camp 2027

Sunday August 22--Saturday August 28, 2027

Klamath Outdoor Science School

56103 Sun Mountain Rd, Chiloquin, OR 97624
www.klamathoutdoorschool.org

Summer Camp 2027 will be based at the Klamath Outdoor Science School (KOSS) in the Sun Pass State Forest near Chiloquin. KOSS is a non-profit organization focused on providing educational experiences for youth. They operate on a special use permit from the Oregon Department of Forestry. Lodging options include yurt bunkhouses, tents, and RV's. The camp will provide our meals for the week.

The school is located 6 miles from the Crater Lake National Park boundary and is walking distance to the headwaters of the Wood River in Jackson Kimball State Park. There are opportunities for hiking, paddling, mountain biking, climbing, birding, fishing, and exploring the history of the area. Stay tuned for details!
